

Overall Program User Flow Exploration

Notes

- Engaging with the program automatically enters ATCs for Instant Win & Grand Prize Drawing
- ATCs can make a mark and/or enter once a day
- If ATCs make a mark “X” times/Canvas, they automatically receive threshold gift
- Type of content is TBD (video, photos, behind the scenes etc...)

1 Each time a mark is created and approved, there is a “Count + 1” queried to the logs. Once the maximum amount of allowable marks have been created and approved, ATCs may no longer add to the canvas. They may still create a mark for their own personal enjoyment.
