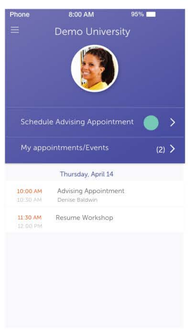
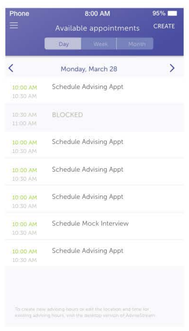
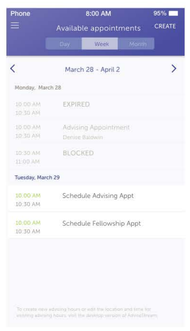
Schedule Advising appointment

Available advising hours (created from web)

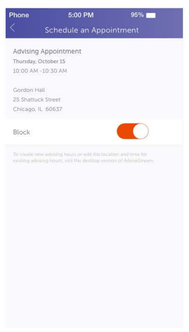




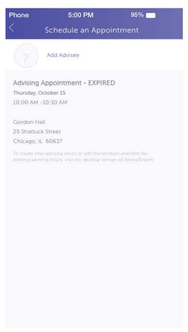


advisor are prompted to view available appointments
select from appointments OR create new
can not edit advising hours on mobile
show blocked hours but can't edit or click on them
clicking an available appt prompts to search advisee

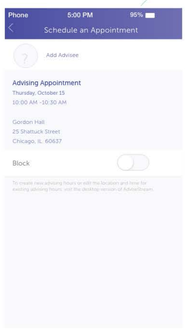
should these be styled differently because they aren't booked??



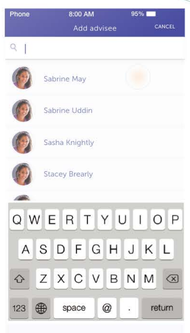
blocked slot



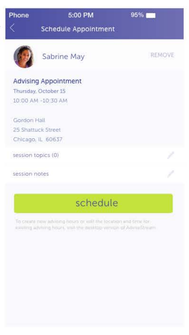
expired slot



open slot
stil make it clickable

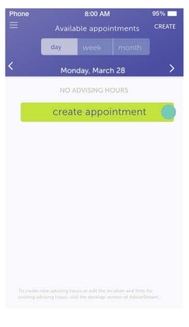


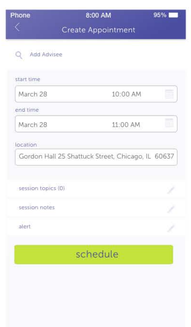
autosuggest instead of new page

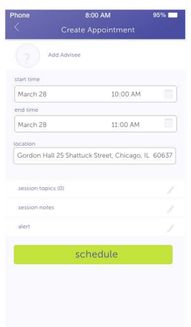


pop up for remove student???

No advising hours; Create NEW

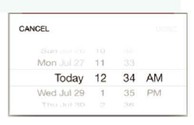


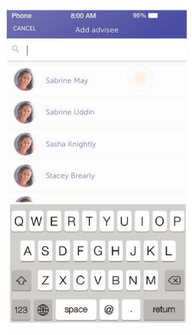




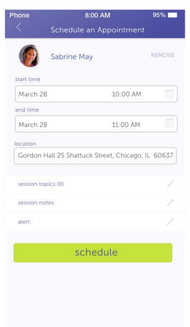
add appointment type

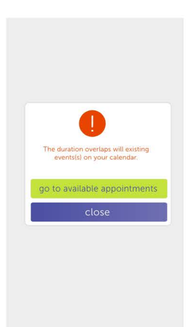
in person with office address set as default



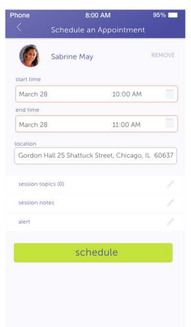


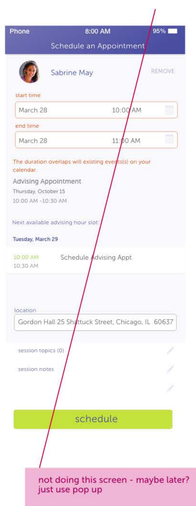
alphabetical
OR
most recent
type to search
similar to iphone contacts
edit pencil vs. arrow





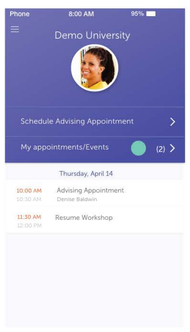
overlapping event

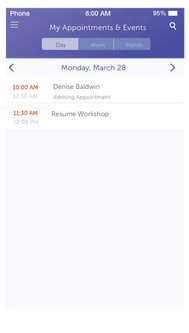


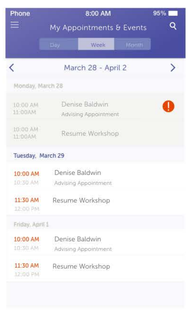


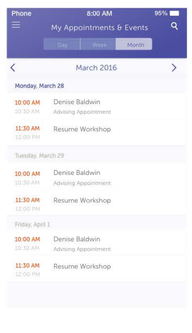
not doing this screen - maybe later? just use pop up

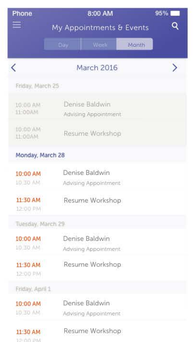
My appointment/events

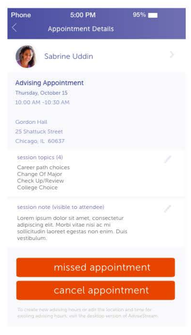




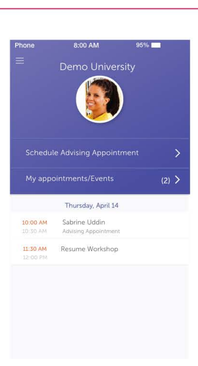


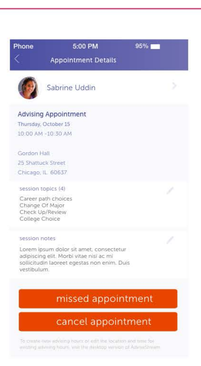


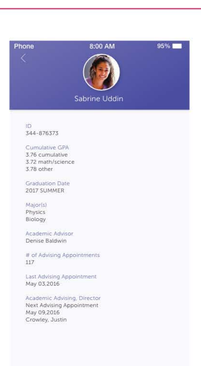


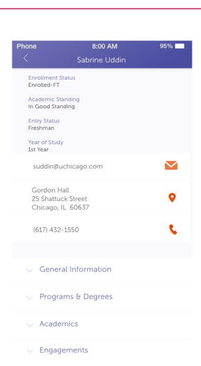


Today event

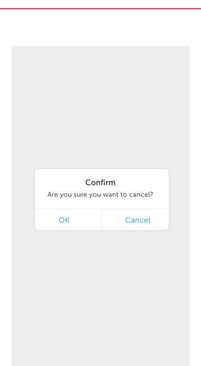




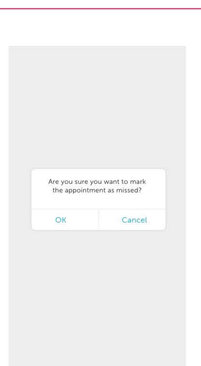




scroll up to show only name



cancel pop up



missed pop up

can not edit details or delete until next release
delete

Search/View advisee
